From the highest points of the property there are ocean views all the way to Byron Bay. The current owners have walked for days and have still to discover all the natural wonders on this property they've been told about.

With natural springs and more than four kilometres of permanent creeks and rivers flowing through what is one of the largest privately owned slices of rainforest in the Byron Shire, water security and purity are second-to-none.

Just five minutes from Liliun Café and under 25 minutes from Mullumbimby the property feels like it's a million miles from anything or anybody. It's truly a unique opportunity to escape into a slice of paradise!
