Downsizer's Delight

Completed in 2001, this extremely well built home in a very friendly neighbourhood has been architect designed to suit the block for easy living. With large proportions throughout, the house feels spacious and has plenty of natural light. The 2 bedrooms are both oversized with north facing windows and a third bedroom could easily be created if required. The main bedroom is private with plenty of winter sun. A rare feature is that the home is fully wheelchair accessible and could suit a buyer with special needs. For those wanting to build a secondary dwelling, the block is compliant with plenty of room. A great property at the right price.
